Commencement 1927 and What It Promises

Many new features already arranged for bear out the commencement committee's promise that commencement this year will be seething with real attractions. Something doing every minute seems to have been the committee's slogan. A bigger and better commencement is assured.

Eleven classes are holding reunions commemorating anniversaries of from five to fifty-five years out. Correspondence shows that alumni will be back in large numbers. Some of the returning classes plan to shatter all attendance records as well as show the campus pep and Maine spirit unapproachable.

UNDERGRADUATES STAYING

And they are to have an audience and many playmates, for this year the undergraduates are planning on staying over. The Military camp which has interrupted the final weeks of the college year has been discontinued. Examinations continue through Wednesday and the Commencement Program starts Thursday evening. Evidences of student support and co-operation are shown by the band, boys and girls musical clubs and the masque. All these are volunteering to take an active part in the program and to "stay for commencement".

BAND

The band will be on hand for Class Day exercises Friday P.M.; for class frolics and the ball game on Saturday; for the parade to the Alumni Banquet and for Commencement on Monday. A fine Maine spirit is shown by these boys.

DANCING

Alumni and students, with wives, daughters, sweethearts and friends, will find dances galore. A Student Hop for Friday night; an Alumni Hop for Saturday night offer one and all, be he student or alumnus an opportunity to dance on these evenings to excellent music—and free of charge.

There will also be numerous house parties at the several fraternity houses to which, of course, alumni will be welcomed.

Dancing and about everything else, but packing the old grip, will end when the strains of the last waltz die down at the Commencement Ball—formal to be sure,

but delightfully informal in its hospitality. Alumni should not miss this.

THE MASQUE PLAY

The Maine Masque will put on its most popular play in the Chapel Thursday night. Dramatics have been popular this year and the cast is a strong one.

PRESIDENT'S RECEPTION

President Boardman has given the committee every co-operation and support. He is holding his reception in the Chapel and at an earlier hour than usual so that alumni and students can step from his receiving line to the gymnasium where the Student Hop will be held.

Here the men's and women's musical clubs, glee clubs and combined clubs will entertain, and all may dance. This is a new feature that is sure to be appreciated.

CLASS FROLICS

Just what the reunion classes plan is generally unknown until the last minute but the live ones are busy and the fight for the limelight between such live wire aggregations as 1922-1917-1912, 1907, 1902 of the twentieth century group and the more dignified but perhaps even more impressive appearance of the older groups should assure anyone of a very interesting time between lunch and the ball game. A committee on class reunions is already working with the several class secretaries.

BASEBALL

It was difficult to get a baseball game scheduled this year. The other Maine colleges are taking examinations on that date. However the Athletic Board voted a game should be scheduled and Prof. Kent is hard after one. He will get it.

Maine has a fine ball club and alumni will enjoy seeing it in action.

THE ALUMNI BANQUET

The Maine band will lead the parade to the old gymnasium where the traditional banquet will be held. A real banquet will be provided and stunts at it this year will be dignified but good. Speakers will be few and the best to be obtained. More will be told about the Banquet in the May ALUMNUS.

A tentative program appears in this issue. Look it over carefully for it is the most complete and varied of any yet held at Maine. If this is your reunion year let nothing keep you from attending. If it is not, come anyway if at all convenient. Suggestions appreciated.

A NEW REUNION PLAN PROPOSED

The alumni office has been advised that a new plan of class reunions is to be recommended for Maine at the annual meeting at Commencement. This is based on the so called "Dix Plan" already in use by many of the better organized alumni associations and being rapidly adopted by many more.

At present classes return for reunions every five years from date of graduation. The new proposal would recast the system in order that classes associated as undergraduates might hold reunions together.

The accompanying chart is self-explanatory. In brief, the basis of the schedule is that each class shall come back to Orono with three other classes associated with it in college, instead of, as at present, with "strangers" (classes separated by more than a college generation). At the end of a cycle of nineteen years a class will have held a reunion with each one of the six classes contemporary with it in college. To take a specific instance, in 1923 the classes of 1901, 1900, 1899, and 1898 would meet at one time, together with other groups of four classes, both earlier and later years. At the next reunion, in 1928, 1901 would be eliminated from the group, while 1897 would be added, to come back with 1900, 1899, and 1898. *Reunions would occur every five years, except in the case of every fourth reunion, when the interval would be four years.*

Classes might also hold twenty-fifth and fiftieth anniversaries as at present. This will necessitate merely a slight modification of the Dix Plan, and it is felt that the sentimental appeal of these celebrations is such as to make their elimination most undesirable. There would of course be instances when a class would normally be scheduled for a reunion, under the Dix Plan, at, say, its twenty-fourth or twenty-sixth year. In such a

case it would seem to be a question for decision by the class as to whether such a reunion should be omitted in view of the important celebration held one year earlier or one year later.

To take a further example, the class of 1920 would under the proposed arrangement have reunions in the following years: 1923, 1927, 1932, 1937, 1942, 1946, 1951, 1956, 1961, 1965, 1970, 1975, 1980, etc. If it was decided to have a reunion at the end of the twenty-five-year period, the reunion of 1946 could be easily shifted back to 1945.

The proponents of the scheme see as advantages the obvious appeal to a returning alumnus who can realize that not only his own classmates but those of neighboring classes will be in Orono to greet him; the possibilities of developing games and other competitions between classes that knew one another in college; of possible economies as well as enhanced pleasures in planning joint class entertainments; and a closer cooperation and greater activity on the part of class secretaries in arranging programs of events. They believe the proposed plan would increase the attendance at reunions and would discourage classes from holding reunions at times apart from the regular reunion week.

They see as possible objections the necessity of developing a new attitude of mind in that most classes will not hold reunions on years which are multiples of five, the present familiar plan; the necessity of adjustments among classes of recent graduation; the difficulty of remembering when a reunion will be held, an objection which is probably not valid in view of the office of alumni secretary, created to keep track of just such matters.

It is urged that Maine alumni communicate with alumni or friends whom they may know of in other institutions which have operated under the Dix Plan—Michigan, Vassar, Williams, Mt. Holyoke—to secure first-hand reactions concerning its desirability; and that they pass on to the alumni office such observations as may seem pertinent.

COMMENCEMENT SERVICE OFFERED BY THE ALUMNI OFFICE

Let the Alumni office take care of all the details of your homecoming for Commencement. Consider it, as it is, your office.

Write the Alumni office for:

1. Room and board on the campus, in Orono or in Bangor.
2. Information.
3. Any other help you would like.

The Alumni office exists to serve Maine and Maine alumni. Use it.

Class numerals are at the side, reunion years across the top. Columns show classes holding reunions in years indicated at the top. Reunion years for any given class are found at tops of columns in which class numerals occur. After the first few years for each class, the schedule shows the Dix Plan, with groups of successive classes so arranged that in nineteen years each class meets all classes associated with it in college.

PLACEMENT SERVICE FOR ALUMNI

All Maine alumni who are in the teaching game are invited to register with the Committee on Appointments of the University. If they have previously registered, and wish to make use of this service, they should bring their records up to date by re-registering. This can be done under a new arrangement recently effected by writing in and securing a new set of blanks with which to bring their records up to date. The re-registration fee has been set at \$1.00, while the fee for first registrations is \$1.50. None of this fee is to be returned to the registrant since the entire amount is being used to place

the service of the bureau of appointments on a more efficient basis.

The entire work of the Committee on Appointments has recently been reorganized and placed under the chairmanship of Professor O. S. Lutes, Head of the Department of Education. An aggressive effort is being made to make the bureau function more efficiently both for the graduates of the University and for the Superintendents and other officials of the state who have to employ teachers and school administrators. The most hearty cooperation of the alumni is enlisted in this work. They are urged to write in and re-register if they are interested in a change of position, no matter where they may be located or what sort of position they now hold. Write to the Committee on Appointments, Fernald Hall, University of Maine, Orono, Me.

Superintendents are specially invited to make use of this service in case they need new teachers, principals or coaches. Quite a large proportion of this year's graduating class have had experience either as principals or teachers. Old timers on the campus tell us the class of '27 is one of the strongest Maine has ever had. About 70 of them are registered as candidates for positions.

LEWISTON

We met on March 9th at the DeWitt Hotel. About 6 of us met Boardy and had dinner with him. Then we had a meeting that was informal. I think there were about 17 present. Boardy told us about the plans that the University had underway for the future also the situation at Augusta was fully explained.

During the evening he answered all questions put to him by the alumni and they were not a few.

It was really the most beneficial meeting that we have had for a long time because of its informal nature. We all had a chance to find out just what we wanted to know and we got it right. Boardy is a real fellow.

Frank A. French, Pres.

Androscoggin Valley Alumni Ass'n.
Lewiston, Maine

THANKS LADIES

The Women's Athletic Association wishes to thank the alumnae who came back and helped to make Alumnae Day possible. It was our first venture and proved very successful.

Alumnae Day is a day when all graduates should try to come back to college and get acquainted.

Let's see more alumnae back next year.

INTERCOLLEGIATE SONG BOOK READY

For nearly two years the representatives of over one hundred of the foremost Allen (Washington and Lee), well known erating in an effort to put together in one volume the official alma mater and principal football (or "fight") songs of the American universities Thornton W Allen (Washington and Lee), well known as the composer and publisher of college songs, has just announced that the new book has finally gone to press and will be ready for distribution this month. Over half of the edition has been subscribed for, and as this edition is limited the subscription committee is urging all those who desire copies to order them as early as possible. The orders will be filled as received until the edition is exhausted.

Every effort has been put forth to make this new volume as attractive as possible, and no expense has been spared in making it handsome as well as complete and up-to-date. In addition to the 256 pages of music printed on dull finished Oxford paper of excellent quality, there are sixteen pages of text matter and eight pages of illustrations (photographs of the largest and most important college football stadiums in America). All of the paper is of ivory finish and the half-tone cuts are printed on heavy coated stock. The books are being bound in attractive olive green cloth with gold lettering. While the book could very readily sell for five dollars per volume, the special price of \$3.75 has been made on this first edition only.

All orders for the Intercollegiate Song Book should be placed at once with the University Store or local dealer, or sent direct to the publisher, Thornton W Allen, 113 W 57th St, New York City. If orders are sent direct to the publisher they must be accompanied by check or money order.

Of course Maine is represented

NEWS OF THE REUNION CLASSES

1872

Maine will be especially proud to welcome the members of the first class back for the 55th anniversary. E. J. Haskell writes that Gould plans attending. It is also interesting to note that Hammond of this class has a daughter graduating from the University this year. '72 was of course a small class but it is proud of being Maine's first and will come back strong.

1877

The Alumni Office has been advised that S. W. Gould, class secretary, is writing his classmates concerning their 50th anniversary reunion. E. F. Danforth of Skowhegan, wrote in February that it appeared that a good percentage of the class would be present.

1882

W. R. Howard of Belfast, class secretary, has not as yet reported progress made but it goes without saying that this dependable alumnus will have his classmates on hand for their 45th reunion.

1887

J. S. Williams of Guilford, class secretary, wrote that he was using our new address list to send letters to his classmates. Apparently the 40th reunion of '87 is being well handled.

1892

A campaign for the 35th reunion of '92 is being worked up by E. W. Danforth, class secretary, of 468 Medford St., Somerville, Mass.

1897

Bunker of Bangor has written letters for this class. Many members write they will be on hand.

1902

This class is especially well organized and individual members are showing much interest. Cole, class secretary, has sent out letters. Prof. Bill Barrows is making arrangements on the campus for the return of his classmates. This class has a much larger roster than the preceding reunion classes and indications are that it will be very much in evidence on Alumni Day.

1907

E. J. Wilson, class secretary, just got well started on reunion plans when he took a new job and had to turn the work over to Talbot who is at the University. All is well for a successful reunion however.

1912

A. L. Deering is urging his classmates to the biggest reunion ever. Letters and bulletins are going out regularly to members of this class and responses indicate an exceptionally large attendance. This class will frolic and everything.

1917

With Dempsey Higgins, Crossland, McCusker and Stephens all working on plans and appeals we believe this class will lead in interest and activity when it hits the campus.

1922

The youngest reunion class is our hope and our fear. With hundreds of members it should outnumber all other reunion classes returning. Ian M. Rusk of West Townsend, Mass. started work as secretary in March. Live wire members of '22 should get in touch with him at once.

MAINE WINS FIRST BALL GAME

In an exhibition game of baseball Maine defeated Colby 6-1 in Waterville on Patriot's Day. The game showed Maine's superiority thruout.

Maine's first run came in the first inning when Captain Hackett hit a triple followed by a sacrifice fly by Nanigian. Again in the fourth Joe Simon hit a triple and scored on O'Brien's error. In the same frame Hackett doubled scoring Crozier and Cassista. In the sixth Durrell scored one and Hackett added another one in the ninth.

Colby's lone score came in the third when Callaghan beat out a hit and reaching third scored on Baldwin's sacrifice. Crozier, Durrell and Hackett played an

outstanding game for Maine while Captain Smart starred for Colby.

MAINE DEFEATS MASS. AGGIES IN FIRST GAME OF TRIP

A big third inning which netted five runs gave the University of Maine baseball team a start on an 8 to 3 victory over the Massachusetts Aggies at Amherst April 26th. Previous to this time, Bowie had gone along well but hoists to his outfielders by Hackett and Hammond were carried by the wind and infield hits by Crozier and Nanigian did much damage.

This was the first game for Maine on its so called Massachusetts trip. *The Alumnus* goes to press before the other games are played. Coach Brice's team has won both of its games played to date. The score:

SUMMER SCHOOL TO TEACH HOME ECONOMICS

By a recent arrangement between the State Department of Education and the Director of the University of Maine Summer Session, the summer courses for teachers of Home Economics in the schools of the state, formerly carried on at Castine, are to be transferred this year to the University campus at Orono. The instruction will be conducted under the direction of the University Department of Home Economics, of which Associate Professor Pearl S. Greene is acting-head, jointly with Miss Florence Jenkins, state supervisor of Home Economics.

Teachers attending the courses will live in the University dormitories for women, and will for this year be excluded from paying tuition charges. Classes will meet in the Home Economics laboratory and classrooms in Winslow Hall throughout the Summer Session period, from July 5 to August 12. Each credit course will meet three hours daily, two hours in the forenoon and one hour in the afternoon, for a period of two weeks.

"TOO MANY IN COLLEGE" SAYS PRES. BOARDMAN

"Too many youths are going to college," President Harold S. Boardman of the University of Maine told the members of the Portland Lions Club at their luncheon meeting Monday at the Congress Square Hotel. "Those who either do not care for the work of college or who are unfitted to take them are crowding out those who would really profit by college instruction," he declared.

"The colleges of today are over stressing athletics," President Boardman further asserted, "and activities outside the regular college curriculum are overshadowing the educational work."

MAINE ALUMNUS SETS NEW AVIATION RECORD

A new world's record for Class 2 seaplanes carrying a useful load of 500 kilograms was established at the Naval Air Station, Anacostia, when Lieutenant George Raymond Henderson, former University of Maine student, flying one of the Navy's new Service type Observation Corsairs attained a height of more

than four miles, or 24,303 feet. The previous altitude record for a plane of that weight, held by an Italian was 20,200 feet.

WHITE MOUNTAIN

The annual meeting of the White Mountain Alumni Association will be held near Berlin, N.H. on Saturday evening May 7th.

President H. S. Boardman and Alumni Secretary Robert P. Clark will motor up to attend and the local officers are arranging an excellent program.

Alumni Personals

MARRIAGES

Ex-'20—The marriage of Donald S. Laughlin and Miss Mary E. Phenix took place April 8, 1927 at Portland.

'21—Iva Barker is now Mrs. Arnold R. Bean, her marriage having taken place last December. Mrs. Bean is residing at 111 Campo St., Roseville, California and after June 1, 1927 it will be Star Route, Marysville, Calif.

'22—The marriage of Reynold W. Graffam and Miss Grace G. Bliss took place January 1, 1927 at Rochester, New Hampshire. They are residing at 411 11th St., N. W., Canton, Ohio, where Mr. Graffam is representative of Bird & Son, East Walpole, Mass.

'24—Donald H. Wescott and Miss Villa E. Trafton were married recently at Vanceboro. Mr. and Mrs. Wescott are residing at Clinton, where Mr. Wescott is Principal of the High School.

'26—Vernon C. Bryant and Miss Helen Page were married February 22, 1927 at Port Chester, New York. Mr. and Mrs. Bryant are residing at 80 Maiden Lane, New York, N.Y., where Mr. Bryant is with the Hooper-Holmes Bureau.

'26-'26—The marriage of Roger E. Small and Miss Madeline S. Rhoda took place February 26, 1927 at New York City. Mr. and Mrs. Small are residing at 312 West 91st St., New York, N.Y.

'26—Sylvia E. Tibbetts is now Mrs. George Dunkley and they were married February 19, 1927 at Salem Depot, N.H.

BIRTHS

Ex-'18—A daughter, Elizabeth Anne, born February 11, 1927 at Hartford, Conn. to Mr. and Mrs. E. Hyland May.

Ex-'18—A son, Hollis Lawrence, born February 26, 1927 to Mr. and Mrs. Harry C. Robbins (Vera Mersereau) at Marblehead, Mass. Weight 8½ lbs.

'19—A son, Kenneth Thwing, Jr., born March 21, 1927 to Mr. and Mrs. Kenneth T. Young at Brooklyn, New York. Weight 8 pounds, 11 ounces.

DEATHS

'14—George W. Babb, died April 5, 1927 at Belfast of lobar pneumonia.

Ex-'18—William T. Donegan, died February 5, 1927 at Portland.

BY CLASSES

Ex-'76—Edward C. Shaw resides at Upper Gloucester and is a watch and clock repairer.

Ex-'77—Woodbury D. Roberts is now retired and resides at 1227 East Ocean Blvd., Long Beach, Cal.

'78—John C. Patterson is at 13070 Chandler Blvd., R.F.D. Van Nuys, Cal.

'81—Aldana T. Ingalls is now at Elk Creek, California.

Ex-'81—Flora E. Welch resides at 644 Third Ave. South, St. Petersburg, Florida.

'86—Heywood S. French resides at 230 Walnut St., Newtonville, Mass.

Ex-'86—Clarence E. Bartlett is an Orange Grove owner at Winter Haven, Florida.

Ex-'87—John W. Allen is an Orange Grower at R.D.A. Box 100, Redlands, Cal.

'89—George M. Gay is at 27 Albermarle St., Springfield, Mass.

'20-'19—Mr and Mrs Herbert Tinker are residing at 82 Geerville Ave., Allston, Mass. Mr Tinker teaches Mathematics at Newton Classical High School. They have two children

The FACULTY Problem

THE most important angle of this problem is pay. If the college teacher must make less money than his equal in business, how is he to provide adequately for his years of retirement? And for his family in case of death or disability?

The Massachusetts Institute of Technology has recently taken an interesting step in regard to these questions.

In addition to the retirement features, the Tech plan provides for a death and disability benefit. It is a special application of Group Insurance as written by the John Hancock.

Alumni, Faculties, Secretaries, Deans, Trustees—all those who have felt the pressure of the faculty problem—will be interested to know more about this.

We shall be glad to furnish any information desired without any obligation. Write to Inquiry Bureau,

John Hancock

These Hotels Offer You Unusual Service— Use Them!

Alumni from the institutions listed below are urged to use Intercollegiate Alumni Hotels when travelling, and when arranging for luncheons, banquets and get-togethers of various sorts.

You will find at each Intercollegiate Alumni Hotel an index of the resident Alumni of the participating colleges. Think what this means when you are in a strange city and wish to look up a classmate or friend.

You will find at these hotels a current copy of your Alumni publication.

You will also find a spirit of co-operation and a keen desire to see you comfortably housed and adequately provided for. Reservations may be made from one Intercollegiate Alumni Hotel to another as a convenience to you.

Intercollegiate Alumni Hotels are a new and vital force in assisting your Alumni Secretary. He urges you to support them whenever and wherever possible. He will be glad to supply you with an introduction card to the managers of all Intercollegiate Alumni Hotels, if you so request.

"Elephints a-pilin' teak,
In the sludgy, squidgy creek,
Where the silence 'ung that 'eavy
You was 'arf afraid to speak!"
—Kipling's "Mandalay"

ELEPHANTS

The elephant is man's most intelligent helper. But—consider this interesting comparison:

An elephant is much larger than the electric motor of a "yarder" or logging machine. The "yarder" has the power of twenty elephants; it handles clusters of logs; it works dependably, twenty-four hours at a stretch, if necessary.

Twenty elephants would eat daily 10,000 pounds of green

food, which a corps of attendants must gather. A motor "eats" nothing but electricity, supplied at the throw of a switch.

So our own iron elephants are better; and the place for flesh-and-blood elephants is in the jungle or in museums. Some day the museums will also exhibit wash-tubs and old-fashioned irons, and all the other household and industrial tools whose work can be done by motors so much better and at so little cost.

Two million elephants could not do the work now being done by General Electric Company motors. Whatever the work to be done, whether it needs the power of an elephant or the force of a man's arm, there is a General Electric motor that will do it faithfully for a lifetime at a cost of a few cents an hour.

GENERAL ELECTRIC
